

Camco Offset Adapter 30AM/50AF

Camco's Power Grip Offset Adapter allows your 50-amp RV to hookup to your campground's 30-amp power pedestal. It is compatible with other 50-amp RV electrical extension cords and dogbones, and is for use with 30-amp, 125 VAC rated circuit breakers. This adapter features an offset design that puts less stress on the receptacle. The Power Grip handle assists in safe and easy gripping, plugging, and unplugging. The compact design saves space for simple storage.
