

Camco Offset Adapter 50AM/30AF

Camco's Power Grip Offset Adapter allows your 30-amp RV to hookup to your campground's 50-amp power pedestal. It is compatible with other 30-amp RV electrical extension cords and dogbones, and is for use with 30-amp, 125 VAC rated circuit breakers. This adapter features an offset design that puts less stress on the receptacle. The Power Grip handle assists in safe and easy gripping, plugging, and unplugging. Allows your 30-amp RV to hookup to your campground's 50-amp power pedestal.
