

Easy Slip Internal Hose Coupler, Clamshell (Eng/Fr)

Connect two sewer hoses with tool-free ease with Camco's Easy Slip RV Internal Sewer Hose Coupler! This product eliminates the need for complicated installation techniques, allowing you to simply join your two RV dump hoses together and secure them using the built-in, easy-to-rotate Spin-Lock rings. The RV waste hoses are joined internally for an odor-tight seal, adding as much length to your sewer hose assembly as necessary. With tapered ends that allow for easy slip over fittings, this coupler is a must-have for any RV owner looking to reduce hassle and create a reliable connection each time. Enjoy the convenience of connecting RV hoses in minutes, without clamps or tools needed.
