

CHANGEABLE RACK | DURADECK

BOLTLESS, ECONOMICAL & EASY CONSTRUCTION

Lyon's rivet rack shelving is an economical solution to accommodate a variety of storage needs. The boltless design is easy to assemble. With split uprights and adjustable beams it's easy to create a configuration to fit your space.

- 14-Gauge Steel Angle Post Uprights
- Boltless Double Rivet Beams
- Creates Two 36" h Sections or One 72" h Section
- Duradeck Decking Panels

Rivet Rack Shown in Wide Configuration

Rivet Rack Shown in Tall Configuration

TALL OR WIDE CONFIGURATIONS

Our changeable rack includes four posts along with beams to create five levels. Posts can be used to create two short sections. The posts can also be combined and held together with a middle level to create a tall, vertical rack unit.

DD73100 - 36" w x 18" d - holds 800 lbs per level

DD73101 - 48" w x 24" d - holds 1,000 lbs per level

DECKING

Duradeck is a lightweight decking made from 100% polypropylene that is impervious to moisture as well as grease and oils. Duradeck panels are lightweight and can easily be removed for quick cleaning. The panels rest on top of rivet rack beams and fit neatly into the corners of the posts.
