

Heart Throb® Hydrangea

Hydrangea macrophylla 'Hortmagitri' PP30044

The Heart Throb Hydrangea is a new red hydrangea from the Southern Living Plant Collection. It produces beautiful cherry red bloom clusters with green marbling. These flowers emerge through summer and into early fall. This dwarf hydrangea reaches only 3 ft. tall and wide at maturity. No pruning required. Therefore, it's perfect for containers, mixed garden beds, low-hedges and mass plantings. A compact grower for a small garden space.

LIGHT NEEDS- *Part Shade to Shade*

USDA ZONES- *5b - 9b*
