

Midnight Sun™ Reblooming Weigela
Weigela florida

FEATURES

Midnight Sun™ weigela, a neat and tidy bun-shaped weigela with glossy, blazing orange and red summer-autumn foliage. Perfect for the front of the border, it functions much as a coleus would, but without having to replant it every year. It does bear pink flowers in spring, however, this plant's form and colorful summer through autumn foliage are what makes it special.

Deadheading Not Necessary

Attracts:

Hummingbirds

CHARACTERISTICS

Plant Type: Shrub

Shrub Type: Deciduous

Height Category: Short

Garden Height: 12 - 18 Inches

Spacing: 12 - 18 Inches

Spread: 12 - 18 Inches

Flower Colors: Pink

Flower Shade: Pink

Foliage Colors: Green, Orange, Red

Foliage Shade: Many colors

Habit: Mounded

Container Role: Filler

PLANT NEEDS

Light Requirement: Sun

The optimum amount of sun or shade each plant needs to thrive: **Full Sun (6+ hours), Part Sun (4-6 hours), Full Shade (up to 4 hours).**

Maintenance Category: Easy

Blooms On: New Wood

Bloom Time: Spring

Hardiness Zones: 4a, 4b, 5a, 5b, 6a, 6b, 7a, 7b, 8a, 8b

Water Category: Average

Uses: Landscape

Uses Notes: Shrub borders; mixed borders; foundation plantings

Maintenance Notes: Prefers well-drained soils but fairly adaptable to other soil types. If necessary, prune immediately after the spring bloom. Best flowering occurs in full sun, but light shade isn't harmful, particularly in warmer climates. If desired, fertilize in early spring with a granular fertilizer formulated for woody plants, like a rose fertilizer.
