### Mounting wooden wall small and large cat lounge and stairs

#### EN Work steps for wooden wall.

##### First Step

Bring the product in final position and mark the screw-points in desired location. Use a spirit level or have someone eyeball to make sure the holes are levelled.

##### Second Step

Use your drill and the 1/16" bit to make pilot holes for maximum 2 inch to all markings.

##### Third Step

Mount the holder with attached screws to the wall through pilot holes. Be careful to not damage the drywall panel.

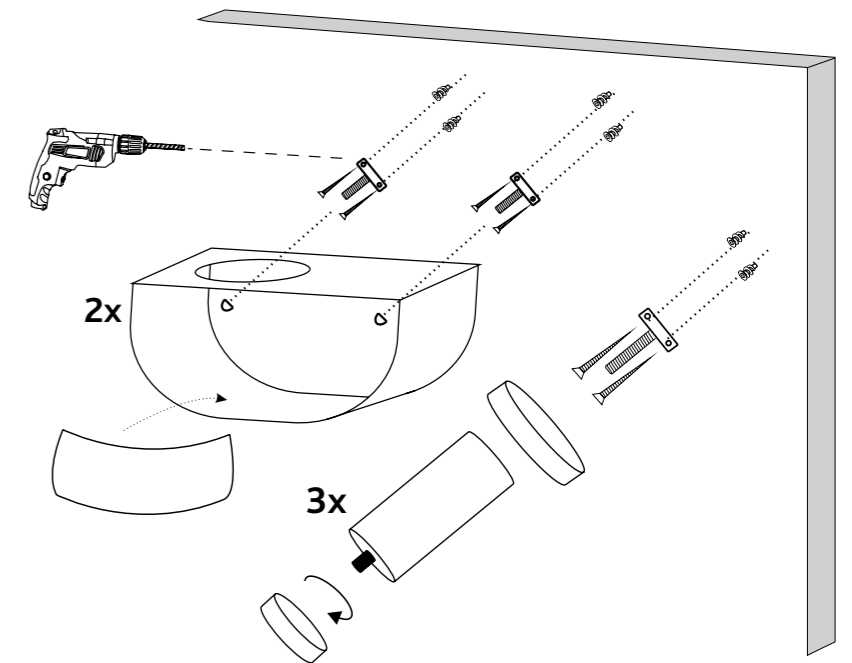

##### Final Step

Connect the stairs to the metal holder and attach cap. Mount the condo to the metal holder tighten with enclosed nut.

##### Advice:

Please note the secure assembly and mounting requires one adult person.

### Mounting stonewall with anchors small and large cat lounge, stairs

#### EN Work steps for stone wall

##### First Step

Bring the product in final position and mark the screw-points in desired location. Use a spirit level or have someone eyeball to make sure the holes are levelled.

##### Second Step

##### Final Step

Connect the steps with the metal holder and attach cap. Mount the condo to the metal holder tighten with enclosed nut.

##### Advice:

Please note the secure assembly and mounting requires one adult person.

### Mounting with drywall anchor small and large cat lounge

### Mounting 16" wooden stud and Mounting steps for stairs

#### EN Work steps for drywall with wooden drywall stud

When using drywall anchors, we strongly recommend combining the drywall connection with at least one screw to a stud for a more solid connection. Be careful not to break the sheetrock.

##### First Step

Please use a pencil. Bring the products in final position and mark the screw-point on the center of the wall. Use a spirit level or have someone eyeball to make sure the holes are levelled.

##### Second Step

Use your drill and the 1/16" bit to make pilot holes for maximum 2 inch to stud markings. Insert self-drilling wall anchors (not included).

##### Third Step

Mount the metal holder with enclosed screws to the stud and wall anchor make sure the screws are fastened securely. Be careful not to break the drywall panel.

##### Final Step

Mount the condo to the metal holder tighten with enclosed nut.

##### Advice:

Please note the secure assembly and mounting requires one adult person.
