

Solar Light Operating Instructions:

1. Place the product in an area where the panel can get at least 10 hours of direct sunlight each day.
2. Charge for at least 10 hours before first-time use with switch in ON position.

May need to remove battery insulating film before use.

Battery Replacement:*

1. Slide/Press the power switch to the OFF Position. (Note: May be located on the bottom panel of solar cell.)
2. Access battery from bottom or top panel of solar cell. May require screwdriver (not included).
3. Remove the spent battery and replace with an identical type of rechargeable battery.
4. Replace battery panel and follow operating instructions.

WARNING: Contains nickel-cadmium or nickel-metal hydride or lithium-ion battery. Battery must be recycled or disposed of properly.
