

25836 - K-1KMAGHL-6/12 Operating Instructions and Precautions 04122303

Charging: This product is rechargeable. Please charge fully before first use to ensure optimal performance. Plug the full sized USB plug of the included charging cable into any USB power source such as a power cube, computer or car charger. Attach the other end magnetically to the side of the headlamp. A red light on the charger indicates charging is under way. The light turns green when charging is complete.

LOCK OUT PROTECTION: This headlamp automatically locks after 2 minutes of non-use!

Double click the power button to unlock the flashlight. The light blinks twice to confirm it is unlocked. Click again to select your desired brightness mode. Double clicking the power button also manually locks the flashlight, preventing accidental activation. The light blinks twice to confirm it is locked. For safety reasons, store the flashlight in locked mode & remove batteries.

Operation: Once unlocked, repeatedly press the power button to cycle between 3 white brightness modes plus off. Long pressing the power button in any white light mode enters the colored light mode. Press the power button to select either red or green light. Long press the power button again to return to the previously selected white mode.

The light rotates 180 degrees in 12 locking positions while mounted to the headband mount.

Stand Alone Use: You may remove the light from its mount to use as a flashlight or work light. Hold the mount firmly and pull each end away from the locking clips. The light may be mounted magnetically to most smooth, rust-free metal surfaces. Snap the light back into its mount.

Battery Replacement: Unscrew the battery compartment cap on the side of the headlamp. Remove the battery and replace it with a new INR14500 3.7v 800mAh battery, raised end first. Replace the battery compartment cap.

Caution: Lithium batteries can explode or cause burns if shorted, overheated, disassembled, recharged or exposed to fire or high temperature (above 212°). If the flashlight is turned on while in a container or in clothing, the flashlight can overheat, damage the flashlight and/or cause surrounding material to ignite.

Warning! To prevent serious injury, including temporary or permanent loss of sight do not stare into the light, shine light into eyes or focus the beam using an additional lens. Keep away from infants and toddlers as this product contains small parts.

This product is not a toy! Use this light only as it is intended. Inspect before every use. Do not use if parts are damaged, loose or missing.

Save these safety precautions!
