

Charging: This product is rechargeable. Please charge fully before first use to ensure optimal performance. Plug the full sized USB plug of the included charging cable into any USB power source such as a power cube, computer or car charger. Pull back the charging port cover located below the On/Off switch and insert the other end of the charging cable. Charging is complete when all 4 battery level indicators are solid blue. Remove the charging cable and replace the charging port cover.

Operation: Repeatedly pressing the power button cycles between high, medium and low flashlight brightness modes and off. A four step battery level indicator shows remaining battery life.

Caution! This product contains a non-replaceable rechargeable lithium battery. Attempting to open the product or replacing the rechargeable battery will result in permanent damage and void all warranties.

Warning! To prevent serious injury, including temporary or permanent loss of sight do not stare into the light, shine light into eyes or focus the beam using an additional lens. Keep away from infants and toddlers as this product contains small parts.

This product is not a toy! Use this light only as it is intended. Inspect before every use. Do not use if parts are damaged, loose or missing.

Save these safety precautions!
