

# Lime Sulfur Dip

## Ingredients:

Sulfureted Lime Solution:..... (97.8%)

Inert Ingredients:..... 2.2%

## Description:

Lime Sulfur Dip is a sulfur concentrate for non specific dermatoses and parasites on dogs, cats, puppies, and kittens, which are responsive to sulfur.

## Warning:

Must be diluted before use.

Keep out of reach of children.

May stain skin, light colored animals, clothing, and porous (i.e. cement) surfaces.

Will change the color of jewelry.

Use in well ventilated area.

Wear safety glasses.

## Dilution:

Shake concentrate well. Add 4 oz. of concentrate to 1 gallon of water. After adding concentrate to water, mix well. For chronic or resistant cases, concentrate may only be diluted at 8 oz. per gallon of water.

## Directions:

Wear gloves. Carefully pour the diluted dip over the animal making sure to reach affected areas. Reapply every 5 to 7 days or as directed by your veterinarian.

Do not rinse or blow dry animal. Do not allow animal to ingest. Apply a protective collar until dry if necessary to prevent ingestion.

## Storage:

Store at controlled room temperature. If a crust or precipitate forms, immerse closed container in warm water for 15 minutes, shake well, and use according to directions. Do not reuse empty container.

## Caution:

For topical use only on dogs and cats. Do not exceed recommended daily concentration.

Measure carefully. Avoid contact with eyes and mucous membranes. May cause skin irritation.

If eye contact or skin irritation develops, rinse with clean water for at least 15 minutes, stop treatment and contact your veterinarian immediately. If ingestion occurs, rinse mouth with clean water and offer large amount of milk, egg whites, or water.

**DO NOT INDUCE VOMITING**
