JS 2000LM RECHARGEABLE SPOTLIGHT

1 CONTENTS

- 1 Spotlight
- 1 Type-C Cable

2 SAFETY GUIDELINES

- Do not cover lens while in use.
- Do not use near flammable liquids, gases, or in high temperatures: the battery may explode.
- When the light begins to dim, stop use and charge immediately.
- Do not turn on while charging, could cause battery damage.
- Do not use in water or wet conditions. Store in a clean, dry environment.
- Keep out of reach of children.
- Never stare directly into the light, could cause eye damage.
- Strong impacts may cause damage to the unit, please handle with care.

⚠ CALIFORNIA PROPOSITION 65 WARNING

This product can expose you to chemicals including lead, which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

3 OPERATING INSTRUCTIONS

- Charge the battery completely before using the Spotlight for the first time.
- Press ON/OFF switch to operate Spotlight
- Charge the battery immediately after each use.

4 RECHARGING THE UNIT

- Insert the charging plug into the charging jack.
- The 4 blue LED indicators on the back are all on, which means the battery is fully charged. (About 3-5 hours)
- When power drops, the 4 LEDs will go out one by one until all the lights power off.

5 MAINTENANCE

Battery Replacement

- Do not attempt to change the batteries.

Bulb Replacement

- Do not attempt to alter or change the LEDs.

FCC Compliance Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Warning: Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
