

FRUIT & MEALWORM BIRD FEEDER

- Suitable for Orioles and Bluebirds
- Plastic cup holds jelly, fruit, mealworms, and more for hungry birds
- Pair of skewers allows placement of extra fruit to attract more birds
- Perches on either side of the feeder give birds plenty of space to rest and dine
- Pitched roof provides coverage to birds as they feast
- Hangs easily from a bracket or branch with chain-link hanging loop
- Handcrafted from 0.75" eastern white pine for insulation and durability
- Species information and instructions included
