

Greenes Fence Kiln-Dried Wood Kindling is 100% natural. The kindling is kiln-dried and made from pine wood that is easy to light and burn. The pine wood kindling is perfect for starting fires in fireplaces, firepits, wood stoves, smokers, charcoal grills, and campfires. It is ideal for camping, hiking, and other outdoor activities. The wood produces a hot, clean flame that burns evenly which makes starting fires easy and convenient. Store the kindling wood in a dry place to guarantee the benefits of a warm, cozy fire with ease every time!
