

GENTLE AND HYDRATING MEDICATED DOG SHAMPOO

For relief of symptoms caused by seborrheic dermatitis

Seborrheic dermatitis is most commonly caused by bacterial or fungal infections. Sulfur and Salicylic Acid are effective in providing relief from symptoms caused by seborrheic dermatitis, bacterial and fungal infections. Oatmeal serves to moisturize skin and promote healing. Fragrance within the shampoo deodorizes and freshens the coat.

DIRECTIONS:

Wet coat and apply shampoo generously. Work into a lather, massaging into the coat to thoroughly saturate skin. Allow to remain on pet for 10-15 minutes. Rinse well. Initially, shampoo pet for 2-3 times weekly. As skin condition improves, frequency of use can be reduced.

WARNING:

For topical use only on dogs over 12 weeks of age. Avoid contact with eyes. If irritation develops or symptoms persist, discontinue use and consult your veterinarian. Do not use on cats.

INGREDIENTS:

Water, Pet Shampoo Base, Sulfur, Salicylic Acid, Oatmeal,
Fragrance
