HOW TO SPLEASH YOUR LEASH®

FILLING SPLEASH®

1. Remove the WATER PLUG.
2. Fill with fresh water.
3. Replace the WATER PLUG.

Pro Tip: When finished walking, store SPLEASH® empty and unplugged.

LOADING YOUR LEASH INTO SPLEASH®

(see video on spleash.com for more detailed instructions)

1. Remove the CAM by pressing both CAM BUTTONS.
2. Lay your leash flat along the empty well.
3. Line up the colored dots on the CAM walls to the colored dots in the well.
4. Replace the CAM by depressing the silver pins and sliding them along grooves until you hear a click.
5. If loaded in correctly, the colored buttons will pop out and become flush with the CAM BUTTON edges.

WALKING WITH SPLEASH®

1. Place your leash loop around your wrist.
2. Grip handle of SPLEASH® with the same hand.
3. Attach the leash to your Best Furry Friend (BFF).
4. Enjoy your walk!

DRINKING WITH SPLEASH®

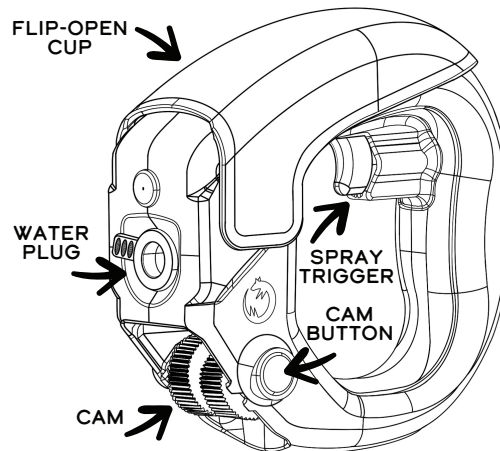

Option 1

1. Dispense water into the FLIP-OPEN CUP by pressing the SPRAY TRIGGER.
2. Return the FLIP-OPEN CUP to its original closed position.

Pro Tip: Option 1 is the easiest, most efficient way to offer your dog water on the go.

Option 2

1. Hold SPLEASH® so the WATER PLUG is facing the sky.
2. Remove the WATER PLUG.
3. Slowly tilt SPLEASH® down to fill the FLIP-OPEN CUP.
4. Offer your dog a drink.
5. Replace the WATER PLUG and discard water that is not consumed.

SAFETY AS YOU SPLEASH®

TWO THINGS FIRST

Inspect your leash & collar before each use. Make sure that all parts of the leash and your dog's collar are in good condition and are not damaged, frayed, or broken.

Be sure to utilize the loop end of the leash and secure it around the wrist as a failsafe operation.
