

SNAP & LOCK

FREEDOM BLIND

BY Formex®

Ships flat in standard size UPS or Fed Ex ground packaging with no oversize shipping charges

FREEDOM BLIND

Made from impact resistant, high density polyethylene (HDPE)

Does not absorb human or environmental scent the way fabric blinds do

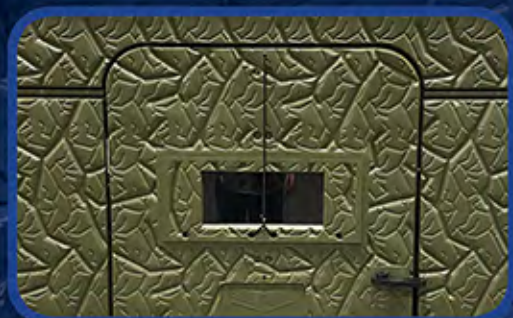

Dual wall construction provides insulation and strength

Water resistant and will not rot from long term placement outside

No tools required for assembly

Multiple windows on all sides have clear, acrylic inserts with elastic draw strings to open and close silently

Rugged door utilizes standard window system and has a durable latch that keeps door securely closed

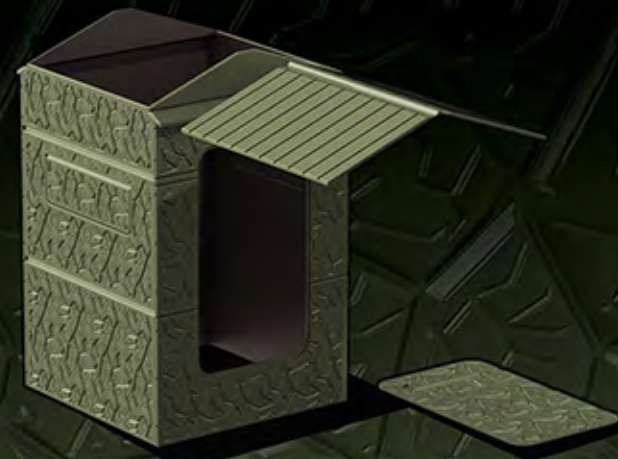

Door is hinged on inside to open or close with complete stealth

Ships flat in standard size UPS or Fed Ex ground packaging with no oversize shipping charges

Assembly is quick and easy - just unfold panels and pin together at corners

Unfold the roof and place on top, attach the door and you're ready to hunt!

FREEDOM BLIND

Made from impact resistant, high density polyethylene (HDPE)

Does not absorb human or environmental scent the way fabric blinds do

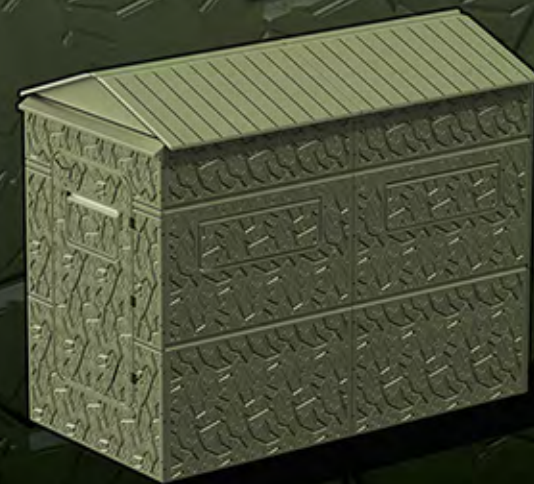

Dual wall construction provides insulation and strength

Water resistant and will not rot from long term placement outside

No tools required for assembly

Remove end panel and connect another blind to customize the size of your blind

Freedom Blind expands from 4'x4' to 4'x8' or even 4'x12'!

America's choice for

Portability & Versatility

New olive green color and 3D camo molded into panels helps decrease visibility of Freedom Blind
