Rugged. Affordable. Durable.

80V BRUSHLESS 21 IN. CORDLESS BATTERY WALK BEHIND PUSH MOWER

Say goodbye to the hassle of cords and fuel with this powerful and convenient lawn mower designed to make your yard maintenance a breeze. The M2150P2 FULL BOAR 21 in. cordless walk behind push lawn mower provides environmental friendliness, quieter operation, and ease of use compared to traditional gas-powered mowers and offers the same performance as gas ones. Powered by two 80V 2.5Ah rechargeable batteries, the mower delivers up to 100-minutes of runtime for up to 1/2 acre of cutting. High-rear-wheel design and double ball bearings wheels offer smooth rolling and reduced vibration. With 7 position single point height adjustment lever, easily cut your lawn to your specifications from 1.4" to 3.5". Effortlessly switch from bagging to mulching to side discharge your lawn clippings depending on your preferences. The entire mower can be compactly folded for stowing in tight garage spaces. The M2150P2 cordless lawn mower meets performance, durability, and ergonomic needs of any landscape maintenance with advantage of greater freedom of movement and eco-friendliness. Limited assembly required.

FEATURES & BENEFITS

- ▲ Up to 100 minutes of runtime or up to 1/2 acre with both included batteries.
- ▲ Brushless motor for maximum efficiency, durability, and performance
- ▲ Single-lever deck adjustment for quickly choosing between 7 mow cutting heights from 1.4 in to 3.5 in
- ▲ Choose side discharge, mulching, or rear bagging with its large rear bag capacity.
- ▲ Adjustable and durable 3-heights positions foldable handle.
- ▲ Rechargeable 80 V Batteries offering good balance of power, runtime, and weight (model LB8025).
- ▲ Charger included (model LC8022).
- ▲ Quiet Operation making mowing more suitable for use in residential areas without disturbing neighbors.
- ▲ Environmentally Friendly, producing zero emissions during operation, contributing to a cleaner and healthier environment.
- ▲ Mowing convenience with no cords to worry about, have a greater freedom of movement and more maneuverability around obstacles in the yard.
- ▲ Lightweight, making the mower easier to push and maneuver, especially for users with mobility issues.
- ▲ Minimal assembly required.
