FLEXIT UNDER HOOD LIGHT

FLEXIBLE MECHANICS LIGHT

The FLEXIT Under Hood Light is a rechargeable, flexible light bar meant to improve visibility while servicing your vehicle. Powerful Rare Earth Neodymium magnets in combination with hooked elastic straps allow for a secure, universal fit under the hood of your vehicle while you work. The 1000 Max Lumen LED light band can be controlled by accessible dual power buttons on either end of the band, and rotated 160° to better control the direction of the light source.

LIGHT MODES

HIGH: 1000 Lumens
MEDIUM: 400 Lumens
LOW: 80 Lumens
RED HAZARD: Strobe

RUNTIME

HIGH: Approx. 3 hours
LOW: Approx. 24 hours

BATTERY

TYPE: 18650 (2,200 mAh) 2 cells
TOTAL mAh: 4,400 mAh
VOLTAGE: 3.7V

OTHER

160° Rotating LED light strip

FLEXIT UNDER HOOD LIGHT

FLEXIBLE MECHANICS LIGHT

OPERATION

TURNING LIGHT ON/OFF

Press the power button located at the center of either of the light band's magnetic bases. The light will turn ON in HIGH mode. Press the power button repeatedly to cycle through modes and turn the light OFF.

CHANGING LIGHT MODES

While the FLEXIT Under Hood Light is ON, press either of the dual power buttons to cycle through the 4 modes; HIGH > MEDIUM > LOW > RED HAZARD.

CHARGING

Lift the USB-C charge port cover of the FLEXIT Under Hood Light and plug the USB-C cable into the port. Plug the other USB-A end of the cable into any USB wall charging block*, car charger*, or other USB-A compatible charging device*. **Not included.** While charging, the power button closest to the USB-C charging port will glow red. Once the light is fully charged the power button will glow green.
