

Marine Tank Treatment is a fast acting concentrated bio enzymatic formulation. Liquid tank treatments are faster than powders and disperse more evenly throughout the tank giving unmatched odor suppression. Billions of beneficial enzyme producing bacteria combined with additional specialized enzymes break down and eat waste, fats oils and greases, along with toilet paper and hair!

Directions for use: Shake vigorously. Treat at low flow times. Do not use boiling water, bleach, anti-bacterial, or other chemicals.

- **Dose After Holding Tank Pump Out.**
- **Double the Dose in Temperatures over 85 degrees.**
- **Dosage based on 2 persons with average use. Adjust according to use conditions.**

Black and Grey Water Tanks: Pour 1 ounce per 40 gallons of tank capacity into toilet, (black water) fill toilet and flush. Pour 1 ounce per 40 gallons of tank capacity into drain (Grey water) and run ample water.

MARINE TANK TREATMENT

- ✓ **Eliminates Head & Tank Odors.**
- ✓ **Superior Waste Reduction.**
- ✓ **Professional Strength**

Enzyme Producing Bacteria

Ingredients Water, bio-surfactants, micro-nutrients, enzyme producing bacteria, wide variety of specialized enzymes, odor counteract, lavender scent, non staining blue dye.

Warning: Keep out of reach of children. Do not ingest. Wash hands thoroughly after each use. Keep out of eyes and/or open sores. May cause eye irritation. If irritation occurs rinse eyes thoroughly with water for several minutes. If irritation persists, seek medical attention.
