

# KAP-IT RISER

# KAP-IT RISER

Elevate, Don't Excavate

KAP-IT  
Body Extender

Riser  
Extension

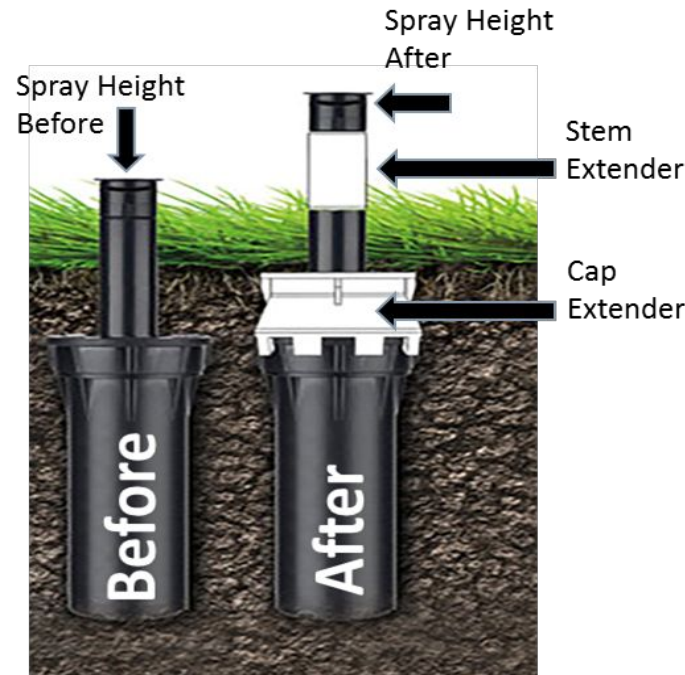

## What Is It?

- Sprinkler Cap & Riser Extender.
- Securely raise sprinkler head from top instead of the bottom.
- Extending the stem of a standard riser, you have raised the height the sprinkler head.
- Riser allows you to raise a sprinkler easily and effortlessly.
- Virtually no digging required
- Designed for the homeowner and professional alike.

## How do I use it?

- Expose the top of the sprinkler head.
- Unscrew the nozzle.
- Add the stem extender.
- Snap on the KAP-IT top.
- Reattach the nozzle, You're done!!

## Features and Benefits

- KAP-IT riser allows you to raise a sprinkler pop up by 1.5 in.
- Easily! And with NO DIGGING!
- Changes none of the original workings.
- Saves labor and time by raising sprinklers from the top.
- Fits Rainbird, Hunter, Orbit & K-Rain brands.
