DRINKER-HEIGHT INFORMATION

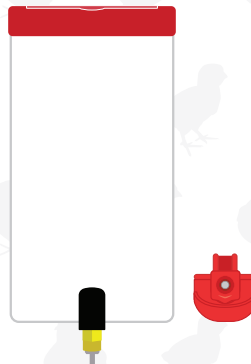

DRINKER ATTACHMENT	APPROPRIATE DRINKER-HEIGHT
	Position the tip of the yellow vertical nipple slightly above the head of your animal[s] to prevent side-drinking.
	Place the bottle on a prop so that the position of the red horizontal nipple is eye-level with your animal[s].

Test water flow by pushing nipple side to side

Rent A Coop®

32oz Chick Drinker

USER MANUAL

IMPORTANT:

The red horizontal nipple is intended for chicks seven days and older. The yellow vertical nipple can be used with chickens at any age.

INSTRUCTIONS

1. Select a nipple and install it into the bottle by twisting its threads clockwise into the hole. [NOTE: Washer stays on the OUTSIDE of the bottle. SEE DIAGRAM BELOW].
2. Determine appropriate height for bottle placement [SEE  ON BACK COVER].
3. Attach bottle to cage [SEE *CAGE ATTACHMENT* ON OPPOSITE PAGE].
4. Fill bottle with water.

3 DRINKER COMBINATIONS

Discover your animal's preferred drinking attachment by trying the options below.

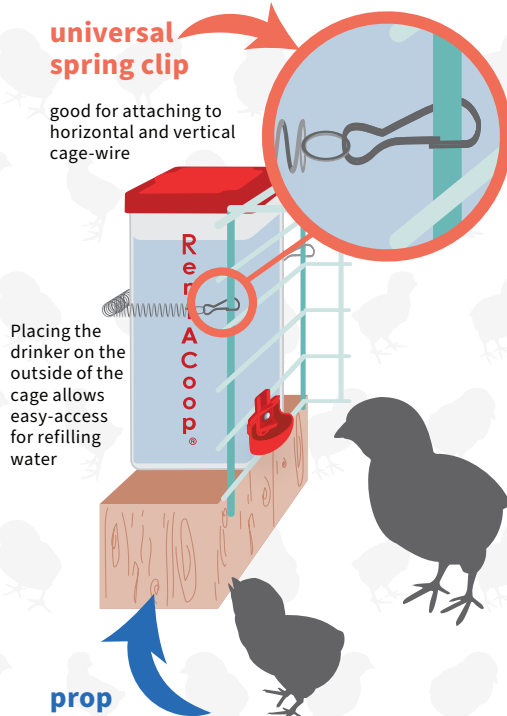

#1	#2	#3
Screw the elbow with the yellow nipple into the bottle.	Unscrew the yellow nipple from the elbow and screw the red nipple into the elbow.	Screw the red nipple directly into the bottle.
		

CAGE-ATTACHMENT

universal spring clip

good for attaching to horizontal and vertical cage-wire

Placing the drinker on the outside of the cage allows easy-access for refilling water

prop

add a prop to position the drinker at a height that is suitable for your animal; be sure to secure the drinker [from tipping over] using the universal spring clip
