

Corner Movers [AB-D series]

- ✘ Low level corner bogies essentially used to move awkward rectangular loads.
- ✘ Give mobility in locations where normal equipment for such handling cannot be used.
- ✘ Easy to position-lift one side if load by a transport jack and slide in comers,then repeat for other side.
- ✘ Load platform covered with ribbed rubber for load protection.
- ✘ AR100A and AR100B are made of casting aluminum.
- ✘ AR150 frame is made of press steel.
- ✘ 3pcs ball bearing castors in each corner mover.
- ✘ Sold in one set (4pcs) only.
