

Specifications

Max Watts	4500
Rated Watts	3800
Rated Speed	4850 RPM
Displacement	159cc
Power	10HP
Run Time @ 1/2 Load	6 Hours
Oil Capacity	15 oz
Fuel Capacity	1.6 Gallon
Noise Level	62 dB(A)
Weight	56 lbs
Dimensions	20.7"L x 12.2"W x 19.7"H

FEATURES

Electric Fuel Injection (EFI): Ensures superior fuel efficiency, reduced emissions, and smoother operation.

4500-Watt Power Output: Delivers reliable and consistent power for various applications, from emergency backup to outdoor activities.

Electric Start Feature: Allows for easy, hassle-free startup with the simple push of a button, eliminating the need for manual pull starts.

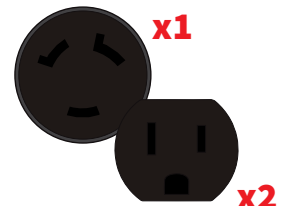

CO Alert Technology: Equipped with carbon monoxide detection, automatically shuts down the generator if harmful CO levels are detected, enhancing safety.

Inverter Technology: Provides clean, stable power ideal for sensitive electronics, ensuring that your devices are protected against power surges.

Quiet Operation: Designed to operate quietly, making it suitable for residential use without disturbing neighbors or wildlife.
