

## Pair the Free Spirit<sup>®</sup> remote and collar.

1. Begin with the collar turned off.
2. Press and continue to hold the on/off button on the collar. The LED light will illuminate, then turn off after 4-5 seconds.
3. After the collar LED has turned off release the on/off button.
4. Press the Dog 1/2 button to select the correct dog you would like to pair. The included collar should be paired with Dog 1, while an Add-A-Dog collar should be paired with Dog 2.
5. With the correct Dog 1/2 setting selected on the remote, press and hold the RED action button on the remote until the collar LED light flashes 5 times. **Note:** the action button will allow the collar to pair and then activate based on the selected Shock, Tone or Vibration setting selected.
6. Pairing is now complete and the trainer is on and ready to use.
