

The Manterio Power Box is a robust and versatile outdoor cord protection box, designed to shield electrical cords and connections from various weather conditions. With its IP55 waterproof rating and patented design, it offers a secure and weatherproof solution for outdoor power needs.

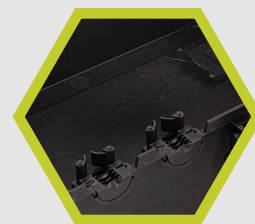

## Product Features

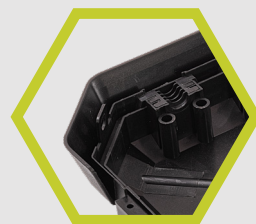

**Weatherproof Protection**  
Shields from rain, snow, hail, dust, and sand.

**Spacious Design**  
Internal dimensions of 12.2L x 8W x 4H inches provide ample space for connectors and boxes.

**Cord Management**  
Equipped with four cord holes for input and two for output.

**Security Features**  
Two padlock holes for added security and child safety. Can be secured with the included padlocks or tie wraps.

**Mounting Options**  
Dual hanging holes for easy mounting on various surfaces.

## Using the Power Box

### Cord Insertion

Open the box and insert the cords into the clamps. Ensure they are tightly secured.

### Cable Routing

Route the output cords through the designated holes and secure them in place. Internal Connections: Make all necessary connections inside the box.

### Closing the Box

Align the cover with protruding parts and close it securely.

### Waterproof Sealing

Fasten the four clamps to maintain the waterproof integrity of the box.

## Setting Up the Padlocks

### Default Cipher

The factory setting is **0-0-0**. You may retain this or set your own combination.

### Setting Your Cipher

Press down button **(1)** and hold. Set the number wheels **(2)** to your desired combination.

### Locking

Release button **(1)** and test the lock by pulling it to ensure the setting is correct.

## Mounting Instructions

### Wall Mounting

Utilize the two mounting holes to hang the box on various surfaces like brick, drywall, or shed walls.

### Installation Steps

Depending on the surface, use appropriate screws and anchors (not included) to ensure a secure mount.
