

Prevents the development of stable, house, and horn flies in the development in the manure of treated equine.

**Active Ingredient:**

Diflubenzuron\* (CAS #35367-38-5).....0.24%  
 Other Ingredients\*\*.....99.76%  
 Total.....100.00%

\*Contains 1.09 g of diflubenzuron/lb.

**GUARANTEED ANALYSIS**

Salt (NaCl) MIN.....92.00%  
 Salt (NaCl) MAX.....99.00%

**FEED INGREDIENTS: Salt**

\*\*\*AAFCO approved feed ingredients may vary depending on nutritional requirements in different geographical areas of the country.

**Directions for Use**

**READ ENTIRE LABEL BEFORE EACH USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**DO NOT USE ON HORSES INTENDED FOR SLAUGHTER**

For use in feeding, working, non-working, running, pleasure horses, donkeys, mules and ponies.

**Daily Dose for Top Dress**

Feed the labeled dosage of JustiFLY® Equine 8-8-8™ to each horse separately to make certain it receives the full ration. This product may be fed top dressed on grain or mixed with the horse's total ration to provide 6.8 mg of diflubenzuron per 100 lbs of body weight. Can also be fed in a pre-measured pre-shaped treat. For occasional finicky eaters who do not accept new feeds readily, mix the product with sweet feed or grain ration.

Start feeding this product in early spring before flies appear and continue feeding throughout the summer and into the fall until cold weather restricts activity.

Weight of Horse	Daily Dosage for Granules / Pellets / Treat
300 – 500 LBS.	Feed one measuring cup (equivalent to 0.4 ounces) filled to the 500 pound line per horse per day.
500 – 700 LBS.	Feed one measuring cup (equivalent to 0.6 ounces) filled to the 700 pound line per horse per day.
700 – 900 LBS.	Feed one measuring cup (equivalent to 0.8 ounces) filled to the 900 pound line per horse per day.
900 – 1100 LBS.	Feed one measuring cup (equivalent 1.0 ounces) per horse per day.
1100 – 1300 LBS.	Feed one and a half measuring cup (equivalent to 1.5 ounce) filled to the 500 pound line per horse per day.

For horses over 1,300 lbs of body weight, feed an additional 0.2 oz for each additional 200 lb of body weight.

This product contains diflubenzuron, an insect growth regulator, which prevents the development of house flies, stable flies and horn flies in the manure of treated horses, but is not effective against existing adult flies. In some cases, supplemental fly control measures may be needed in and around paddocks and buildings to control adult house, horn and stable flies which can breed in other decaying vegetable matter or silage on premises, or migrate in from other areas. JustiFLY® Equine 8-8-8™ should be used as part of an integrated pest management program aimed at reducing fly populations in the horse's environment. Consult your retailer for program recommendations. In order to achieve optimum fly control, this product should be used in conjunction with other premise and on-animal products as well as good management and sanitation practices. There is no withdrawal period for JustiFLY® Equine 8-8-8™. Start feeding JustiFLY® Equine 8-8-8™ in the spring before Stable, Horn, and House flies begin to emerge and continue use until cold weather marks the end of Stable, Horn, and House fly season.

**Precautionary Statements**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS: CAUTION.** Causes moderate eye irritation. Harmful if swallowed or absorbed through skin. Avoid contact with skin, eyes or clothing. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Wear long-sleeved shirt and long pants, socks, shoes, and gloves. Remove and wash contaminated clothing before reuse.

**FIRST AID**

**If in eyes:** Hold eye open and rinse slowly and gently with plenty of water for 15–20 minutes. Remove contact lenses, if present, after the first five minutes, then continue rinsing eye. Call poison control center or doctor for treatment advice.

**HOT LINE NUMBER**

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For emergency information concerning this product, call the National Pesticide Information Center (NPIC) at 1-800-858-7378 seven days a week, 6:30am to 4:30pm PST (NPIC Web site: [www.npic.orst.edu](http://www.npic.orst.edu)).

**Environmental Hazards**

This pesticide is toxic to aquatic invertebrates. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters or rinsate.

**Storage and Disposal**

Do not contaminate water, food, or feed by storage or disposal.  
**Pesticide Storage:** Store in a cool, dry place.  
**Pesticide Disposal:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.  
**Container Handling:** Nonrefillable container. Do not reuse or refill this container. Completely empty container into application equipment then offer for recycling if available, or puncture and dispose of in a sanitary landfill or by other procedures approved by state and local authorities.

**Warranty and Limitation of Damages**

Champion USA, LLC warrants that this product conforms to its chemical description on the label. Champion USA, LLC, neither makes nor authorizes any agent or representative to make any other warranty of fitness of merchantability, guarantee or representation, express or implied, concerning this product. To the extent consistent with applicable law, Champion USA, LLC's maximum liability for breach of this warranty shall not exceed that purchase price of this product. To the extent consistent with applicable law, buyer and user acknowledge and assume all risks and liabilities resulting from the handling, storage and use of this product which extend beyond the use of this product under normal conditions in accord with the statements on this label.
