## Undercounter Clear Ice Machine in Stainless Steel, 15-in.

### CAM-ICE01-5SS

#### Features

- Leveling legs designed for undercounter installation
- Reversible door is smudge-resistant and easy to clean
- Produces up to 32 pounds of ice per day
- Removable ice bin stores up to 25 pounds of ice
- Built-in storage shelves
- Ice dimensions in inches: 1.1 x 0.87 x 0.81

With a sleek brushed stainless rounded handle, the premium clear ice machine from Cambridge is designed for under-the-counter installation to blend seamlessly with your cabinetry and other appliances. Imagine never having to fumble with refilling a leaky, watery ice tray again. You'll never have to worry about having enough ice on hand with the removable ice bin with 25 pound capacity and daily production of 32 pounds total.

Automatic overflow protection will ensure that your machine will never overflow while the rear drain pipe keeps the machine working efficiently. LED lights illuminate the machine's interior and touch controls. The reversible, smudge-resistant stainless steel door allows for convenience in any space as well as ease in cleaning to keep your kitchen as sleek and innovative as you like. Supreme quality is matched by high-end design in this line of Cambridge premium ice machines that will last for years to come.
