

- Bucket full indicator prevents overflows
- 3 Modes – Auto, Continuous, Manual
- 3 Fan Speeds (High, Low, Auto)
- Low-temperature Operation (38°F)

Low Noise Airflow System

High-performance centrifugal fan ensures quiet operation at 45 dB(A) with the fan set on “Low”.

Energy Efficient

Energy Star means it's more energy efficient and helps reduce your utility bill.

Filter Indicator

Washable filter helps to reduce bacteria, odors and particles.

Warranty

2 Years Parts & Labor.

Control Humidity – Helps keep your home conveniently dry, fresh, and quiet

The Hisense AHD5024K1W Energy Star 50 Pint 3-Speeds Dehumidifier quietly collects water into the slide-out internal bucket or can discharge the water via connecting a garden hose (not included) through the side of the cabinet. Reliable and eco-friendly, this dehumidifier can operate at temperatures as low as 38°F.

Three operating modes (manual, continuous, and auto dry) and the very low sound level make this a versatile choice. Additional features include a programmable 24-hour on/off timer, adjustable humidistat, and full-tank alert/shutoff.
