

BEFORE USE:

Shake bottle vigorously. Remove pets and children from area before use. Remove solid waste. For best results, do not apply in direct sunlight as sunlit areas dry faster. The longer the treated area stays damp, the more effective it will be.

DIRECTIONS FOR ECOSTRONG MULTI-USE SPRAYER:

Pour undiluted **Outdoor Odor Eliminator** into the product reservoir. Set dilution to the letter "D" (15:1) and follow directions included with sprayer.

DILUTION DIRECTIONS FOR PUMP TYPE & MANUAL SPRAYERS:

Use a 16:1 ratio of water to Outdoor Odor Eliminator.

Step 1: Thoroughly saturate the affected area with diluted product.

Step 2: Let dry before letting pets and children back into area.

FOR BEST RESULTS AND IN DROUGHT CONDITIONS:

Lightly over-spray the treated area with water before dry. The longer the surfaces stays wet, the more effective it will be. For strong / reoccurring odors re-wet as necessary.

REMOVE OUTDOOR ODORS QUICK & EASY

When you've tried everything and nothing has worked, **EcoStrong's Outdoor Odor Eliminator** will get the job done.

EcoStrong's Outdoor Odor Eliminator with lemon eucalyptus fragrance, eliminates odors caused by stool, urine, vomit, skunks, garbage odors and more. Our unique dual action odor elimination technology first bonds with the malodor molecules and locks them in place. Then, billions of all natural bacteria consume the proteins responsible for the foul odors. This product does not contain any harmful enzymes and will not irritate your pet's paws.

WARNING: KEEP OUT OF REACH OF CHILDREN.

Do not ingest. Wash hands thoroughly after each use. Keep out of eyes and/or open sores. May cause eye irritation. If irritation occurs rinse eyes thoroughly with water for several minutes. If irritation persists, seek medical attention.

STORAGE: DO NOT FREEZE.
