

BEFORE USE:

Shake bottle vigorously. Remove pets and children from area before use. Remove solid waste. For best results, do not apply in direct sunlight as sunlit areas dry faster. The longer the treated areas stay damp, the more effective it will be.

HOW TO ASSEMBLE HOSE END SPRAYER:

Step 1: Securely insert dip tube into base of sprayer head.

Step 2: Remove cap on bottle, insert dip tube through seal.

Step 3: Screw hose end sprayer head to bottle.

HOW TO USE HOSE END SPRAYER:

There are two circular valves on the sprayer head. The one closest to the hose turns the water flow on and off. The other valve turns the product flow on and off.

Step 1: Turn both valves to the off position (valves horizontal).

Step 2: Attach and tighten garden hose to hose end sprayer

Step 3: Turn on water hose

Step 4: Open both valves on hose end sprayer

APPLICATION DIRECTIONS:

Step 1: Thoroughly saturate the affected area with diluted product, (product valve on & water valve on).

Step 2: After product application, lightly over spray the area with water before it is dry, (product valve off and water valve on). The longer the surfaces stay wet the better. For strong odors repeat as necessary.

Step 3: Let dry before letting pets and children back into area.

PROFESSIONAL STRENGTH OUTDOOR ODOR ELIMINATOR

LAWNS & TURF

CONCRETE & STONE

KENNELS & MORE

EcoStrong's Outdoor Odor Eliminator with lemon eucalyptus fragrance, eliminates odors caused by stool, urine, vomit, skunks, garbage odors and more. Our unique dual action odor elimination technology first bonds with the malodor molecules and locks them in place. Then, billions of all natural bacteria consume the proteins responsible for the foul odors. This product does not contain any harmful enzymes and will not irritate your pet's paws.

INGREDIENTS: WATER, SURFACTANTS, NATURAL BACTERIA, ODOR COUNTERACTANT, LEMON EUCALYPTUS SCENT
