

BEFORE USE:

Shake vigorously. Always test for color fastness by applying in a hidden area. Remove pets and children from area before treatment. Remove solids and blot up as much urine as possible. For old stains, apply a small amount of warm water first. For carpet and upholstery, make sure to saturate backing and padding with product.

HOW TO USE:

Step 1: Apply **EcoStrong's Stain & Odor Eliminator** directly onto stain, fully saturating the affected area. Using a damp light colored cloth, scrub into stain.

Step 2: Let stand 20 to 30 minutes, allowing older stains to soak longer.

Step 3: Scrub the stain with the light colored cloth until the cloth is no longer dirty. Clean the cloth frequently if needed. Let dry before letting pets and children back into area.

Older stains may require more than one treatment.

LAUNDRY:

Use ¼-1/2 cup in pre-wash cycle or add directly to wash cycle. For heavily soiled items and old odors, pre-treat, rubbing **EcoStrong's Stain & Odor Eliminator** directly into soiled area.

Let stand for 5-10 minutes before washing. Always wash in warm water, never use bleach.

Tip: *EcoStrong is great for removing odors from gym clothes, work uniforms, smelly sneakers, cloth diapers and more.*

REMOVE CAT STAINS & ODORS FOR GOOD

EcoStrong's Cat Stain & Odor Eliminator uses beneficial bacteria and enzymes to break down and consume organic odor causing elements and stain residue. **EcoStrong** works wonders on cat urine, vomit, feces, and blood. **EcoStrong** is safe for use on carpets, floors, bedding, counters, and more when used as directed. **EcoStrong** even works in the wash! If your cat likes to pee on your bed, wash your bedding with **EcoStrong**, and the odor will disappear.

After scooping, spray **EcoStrong's Stain & Odor Eliminator** in the air above the litter box. You will immediately notice that those long-lasting litter box odors are gone. Repeat when necessary, as individual use may vary.
