NEVER FORGET A TREATMENT

DOSING FOR SEPTIC SYSTEMS	
TANK SIZE (IN GAL.)	DOSAGE
1,500 - 5,000	3 per month
Less than 1,500	1 per month

DOSING FOR HOLDING TANKS: Use one pack after each pump out.

DIRECTIONS: Flush one water soluble pack down any toilet connected to the septic system or holding tank. EcoStrong's Septic Tank Packs can also be used in portable toilets, boats, RVs, aircrafts, and public transportation restrooms. Use as per dosing table. The use of other odor control products or chemicals will negatively impact the Treatment Pack's performance.

EcoStrong Septic Tank Packs are a preventative care product, safe for all types of systems and plumbing. Continuous use establishes thriving colonies of active microbes, which maintains a healthy septic system and a free-flowing leach field.

MAINTAIN A HEALTHY SYSTEM!
