

Van Zyverden's
ALLIUM MOUNT EVEREST

Allium are in the same family as garlic, onions, chives and shallots. This makes gardeners wonder if they should include them in their ornamental gardening plans, as it conjures up images of supermarket produce. Because good garden designs are often made up of different shapes, allium's rounded blooms make for high drama and interest in the garden. The Allium group gets more popular annually, from over 300 species to choose. They amaze everyone and few plants create this kind of wow in the garden.

Pure white 4" blooms

*Deer and rodent resistant,
with a strong deterrent fragrance*

Good naturalizer

About This Variety: Allium Mount Everest towers in the garden and is quite striking with its 4" pure white blooms and makes for an impressive cut flower for elegant mixed bouquets.

Growing Instructions: As Alliums do not like wet feet, find a sunny location where the soil drains well. The bulbs will rot in wet areas. Aside from that, almost no maintenance is required.

Care Tip: Dig, divide, and replant bulbs after a few years of decreasing flower production.

Exposure: Full sun to partial shade

Height: Grows 30" tall

Spacing: Plant 12-16" apart, 7-8" deep

USDA Zones: Hardy in USDA zones 4-9

Guaranteed to grow 1 year from purchase if directions are followed. Any concerns related to quality and/or counts feel free to contact us.
