

*Van Zyverden's*  
ALLIUM PURPLE RAIN

Allium are in the same family as garlic, onions, chives and shallots. This makes gardeners wonder if they should include them in their ornamental gardening plans since it conjures up images of supermarket produce. Allium's rounded blooms make for high drama and interest in the garden because good garden designs are often made up of different shapes. The allium group becomes more popular annually with over 300 species to choose from. They amaze everyone and few plants create this kind of wow in the garden. We will be adding many new varieties soon!

*Known for its huge 6"  
diameter flower heads*

*Beautiful garden accent/  
perfect as a dried flower*

*Deer and rodent resistant*

*About This Variety:* Allium Purple Rain is known for it's huge, round, purple 6" diameter flower heads. Attracts wildlife such as bees and butterflies, and like most alliums make for an excellent cut flower. One of a kind. Good to pair with our Allium Purple Sensation, which blooms earlier in the season. The leaves will wither away before it flowers. Bursts of color much like fireworks.

*Growing Instructions:* Since allium do not like wet feet, find a sunny location where the soil drains well. The bulbs will rot in wet areas. Aside from that, almost no maintenance is required.

*Care Tip:* Dig, divide and replant bulbs after a few years of decreasing flower production.

*Exposure:* Full Sun to Partial Shade

*Height:* Grows 35" tall

*Spacing:* Plant 12" apart, 4-6" deep

*USDA Zones:* hardy in USDA zones 3-8

Guaranteed to grow 1 year from purchase if directions are followed. Any concerns related to quality and/or counts feel free to contact us.
