KILLS OVER 140
MICROORGANISMS

HOSPITAL GRADE
DISINFECTANT

NO DILUTION REQUIRED

KILLS BLACK, GREY, AND
GREEN MOLD

CLEAN, DISINFECT & DEODORIZE WITH A SINGLE PRODUCT

How To Use:

Disinfect/Clean/Deodorize: Pre-clean all heavily soiled surfaces prior to product application. Apply the product with a sprayer, cloth, sponge or other suitable applicator until the surface is thoroughly wet. Maintain saturation for 10 minutes. Wipe away excess or allow the surface to air dry. Do not use on glasses, dishes or utensils.

Fungicidal: When treating surfaces to kill mold and mildew, spray solution on surfaces, making sure to thoroughly saturate. Maintain saturation for 10 minutes then remove excess or allow it to air dry.

Amazon Rating: 4.4/5 ★★★★★

“My wife is a chemist. So she does her research. This product does exactly what it says it does.”

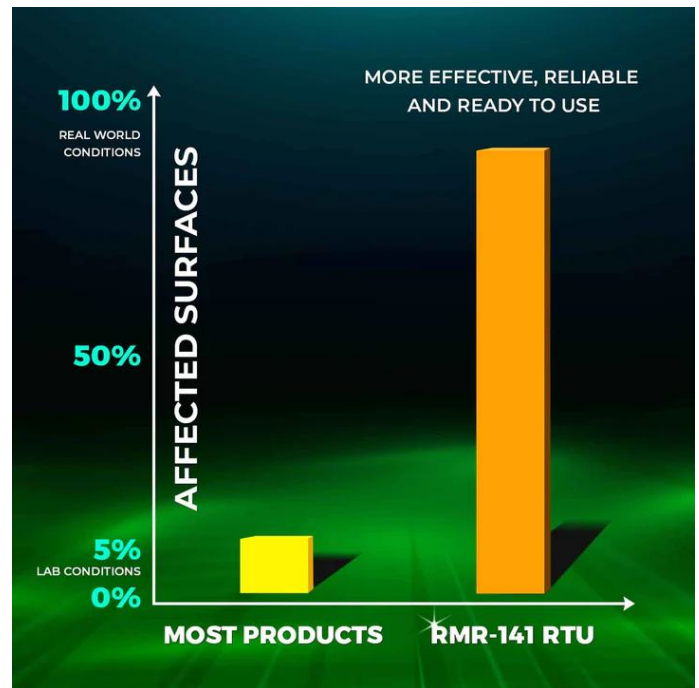

“Used RMR-141 to kill some mold/mildew on our basement walls (and then RMR-86 Pro afterwards to remove the stains) due to the previous home owner not running a dehumidifier for the last 6-8 months they owned the place. No complaints at all, both products were excellent and the mold has not come back. This is the good stuff folks!”
