How To Use:

1. APPLY:
solution on dry surface with valve on the CLEAN setting.

2. WAIT:
5-10 minutes to allow product to saturate surface. Do not let dry on surface.

3. RINSE:
off to remove staining.

When conventional cleaners, stains sprays, and scrubbing just won't cut it, opt for RMR Deck, Patio, & Fence Wash, the heavy-duty outdoor treatment that lifts and rinses away discoloration from mold, mildew, and algae. Use on composite decking, fencing, natural deck, patio furniture, vinyl, brick, stucco, concrete, trim, PVC, masonry, playground equipment, patio furniture, and painted, restored, or resurfaced wood

Amazon Rating: 3.8/5 ★★★★★

"I have an old and weathered wood deck. I just hooked my hose up to the bottle and sprayed the deck. I used and small pressure washer to rinse and I was pleasantly surprised by the results. The wood looked fresh and clean. I will used this every time now."

"So very pleased with the results . There a part of my patio that doesn't get much sun , so it gets moldy and dark . This product began working in 5-10 minutes, I left it on for 20 , then washed away with a power hose Beautiful patio again! I couldn't get the hose adapter to fit my garden hose so I just poured it on . I will wear a mask next time, the fumes are quite strong . I've already bought another bottle" -MB
