

Natural Gas Conversion Kit for Revolution Grills

This kit easily converts your LP grill for natural gas use. The Convertible Valve System™ allows for uninterrupted cooking. The Quick Connect Socket ensures a secure and hassle-free connection to your natural gas supply. With the included 10 ft. Gas Hose, you have flexible grill placement for the perfect outdoor setup. The Orifice Removal Tool makes switching fuel types simple without the need for extra tools or professional help. The Valve Screwdriver allows for precise adjustments, ensuring a smooth conversion process.
