Meet Neakasa Open-Top Self-Cleaning Cat Litter Box

The open-style design maximize comfort for cats of all sizes, and it features advanced litter-sifting technology, real-time monitoring of waste, litter levels and cat's health through the Neakasa app. With the litter box design, it has an advance odor control while ensuring hands-free cleaning for weeks

Scoop-Free

Stop scooping forever!
Our smart litter box sifts clumps and separating waste from clean litter during each cycle, leaving your kitty with a cleaner, less time-consuming, and a better bathroom experience. And the attached mat guarantees you less extra cleaning needs.

Advanced Odor Control

Completely leak-proof trays are pre-filled with premium gel filter for unbeatable odor control, and a waste bag inside locks away solid waste and smells. When it's time to clean up, all you have to do is swap a waste bag with any new regular one.

Open Top Smart Cat Litter Box

The open-top style allows your pet effortless in and out while making for anti-pinch design and smooth transition, along with easy setup and maintenance.

Anti-pinch Design

Uncovered design means no more sensors or damaged sensor risk, and your cat can enter or exit freely without being trapped, even during a cleaning cycle.

Smooth Transition

Indulge your kitty with the freedom they crave with our open top automatic cat litter box. This innovative solution provides easier access and a more natural environment for your cats. Many cats can acclimate within a week.

Easy Litter Filling

Experience the ultimate convenience of easy litter filling with our innovative design. The open-top, uncovered design allows you to effortlessly pour litter from above.
