Spreader Type	Setting
Standard Broadcast	2 1/2
Wide Broadcast	3 1/2
Stroller	2 1/2
Hand Broadcast	2 1/2

HOW IT WORKS
This product contains two active ingredients that work together to kill weeds and prevent them from growing back. The active ingredients are: 2,4-Dichlorophenoxyacetic acid and Quinclorac. The active ingredients work by blocking the weed's ability to produce and use hormones, which causes the weed to die.

FOR BEST RESULTS
Apply this product to lawns that are actively growing. Apply to lawns that are free of mow clippings, leaves, and other debris. Apply to lawns that are free of other weeds. Apply to lawns that are free of other lawn care products. Apply to lawns that are free of other lawn care products.
