

Part # 77007

agralink™
GATEWARE

For 2" round tube

- Upper & lower hinge set
- 3/4" x 12" hinge bolts
- Installs easily
- Includes hardware
- Galvanized corrosion resistance

Gate Hinge

Mounting Instructions

- (1) Determine your desired position for the hinges and mark locations on the fence post.
- (2) Drill 3/4" diameter holes at marked locations and insert bolts provided into fence post.
- (3) Secure bolts in the fence post with the nuts and washers provided, as shown in the drawing.
- (4) Attach clamps to the gate and slide over the post bolts. (It may help to use a shim beneath the gate to find the desired gate height).
- (5) Secure clamps to the gate with provided hardware.
