Big Power, Small Footprint – Your Ultimate Compact Workhorse!

Experience the perfect blend of power, precision, and versatility with the YE0610 Mini Excavator lineup. When space is tight, but performance is non-negotiable, these compact powerhouses rise to the challenge. Designed to excel in confined areas, they're your go-to tool for everything from landscaping to small-scale construction.

Built to outperform, the models combine a robust engine, advanced hydraulics, and a reinforced frame to deliver unmatched efficiency and control—even in the toughest conditions. Whether you're navigating urban job sites, digging trenches, or preparing foundations, this mini excavator ensures smooth, precise operation every time. With four models in our lineup, you can choose the perfect match for your needs - each mini excavator model comes equipped with its dedicated attachments for task-specific performance.

Dig deeper, work smarter, build better, with the YE0610 series, you're not just getting a machine—you're getting a reliable partner engineered to exceed expectations.

FEATURES & BENEFITS

- **High-Performance 306cc Engine** – Specially designed for excavation tasks, delivering powerful output, fuel efficiency, and long-lasting durability.
- **Advanced Hydraulics** – Smooth, responsive controls ensure precision digging and effortless operation.
- **360° Rotation** – Seamlessly work from any angle without repositioning, enhancing maneuverability in confined areas.
- **Compact & Space-Saving Design** – With a narrow 27.5" width, effortlessly fits into tight spaces and confined job sites, making it ideal for urban and residential projects.
- **Every model comes equipped with its specifically engineered attachment(s)** to ensure peak performance for intended applications.
- **Rugged Durability** – Constructed with high-quality materials to withstand tough environments and heavy-duty applications.
- **Engineered Stability** – Advanced craftsmanship delivers exceptional durability in the swing motor, ensuring smooth and stable performance during full 360° rotation.
- **Hydraulic Dozer Blade with Locking Function** – Provides increased stability and ease of use during operation.
- **Powerful Digging Force** – Delivers efficient excavation with 1.98 kip of force for various materials.
- **Convenient Maintenance** – All lubrication points are strategically placed for quick and easy access, ensuring hassle-free upkeep and optimal machine performance.
- **Hydraulic Dozer Blade Lowering** – Enhances stability and leveling while allowing for efficient backfilling and grading.

Tame the Great Outdoors®

YARDMAX outdoor power equipment delivers the perfect combination of practicality and performance, offering durable and affordable product lines engineered to consistently get the job done right, at the right price.

PRODUCT SPECIFICATIONS*					
Model #		YE0610	YE0610-575	YE0610-003	YE0610-575003
Operating Weight		1432 pounds	1573 pounds	1544 pounds	1674 pounds
Standard Bucket Volume		0.388 cuft			
Standard Bucket Width		11.42 inch			
Digging Force (Bucket)		1.98 kip			
Engine		306 cc, Gas			
Starting		Key-type Starter Switch and Shutdown			
Swing speed		9.3 rpm			
Travel speed		1 mph			
Gradeability		15°			
Ground Contact Pressure		26.5 kPa			
Boom Swing Left		70° (L)			
Boom Swing Right		70° (R)			
Track Shoe type		Rubber Crawler			
Pump Capacity		2.19x2 gal/min			
Hydraulic reservoir		3.17 gal			
Hydraulic Pressure		17.5 Mpa			
Parking Brake		Hydraulic Lock Type			
Sound pressure level at the operator's station (LpA)		82.5dB, K=4dB			
Vibration value	Arm	7.12 ft/s ² , K=0.5			
	Whole body	25.1 ft/s ² , K=0.5			
Attachment YEC575		No	Yes	No	Yes
Attachment Combo YEP003	YEC039 Claw	No	No	Yes	Yes
	YEB050 Grading Bucket	No	No	Yes	Yes
	YER100 Rake	No	No	Yes	Yes
Warranty		2-year limited			
CA Residents: Prop 65 Warning(s)		Yes
