

Let's Dance Sky View® *Reblooming Hydrangea* ***Hydrangea macrophylla × serrata***

Let's Dance Sky View big leaf hydrangea is a standout for consistent, yearly blooming, whether you grow it in Michigan or Florida. This compact hydrangea has the ability to not only conserve its old wood buds in the face of weather challenges, but also its ability to continue creating new flowers. You'll also love how easy this cultivar is to turn blue, which is what we recommend, since it's so spectacular this way! Flowers emerge a beautiful sky blue with a honeydew-green eye before maturing to a full sky blue. Its nice compact growing habit makes it both a good container and garden plant.

Continuous Bloom or Rebloomer

CHARACTERISTICS

Plant Type: Shrub

Shrub Type: Deciduous

Height Category: Medium

Garden Height: 24 - 36 Inches 61cm - 91cm

Spacing: 24 - 48 Inches 61cm - 1.2m

Spread: 24 - 48 Inches 61cm - 1.2m
