

BLACK FIRE RING

Elevate your campfire experience with the Black Fire Ring, designed to create a safe and stylish centerpiece for gathering with friends and family. Say goodbye to the hassle of traditional fire pits and enjoy the warmth, smell, and crackle of a wood campfire while keeping the fire safely contained.

Measuring 3 feet in diameter and 1 foot tall, this fire ring offers ample room for stacking wood to build a strong, roaring fire. Its solid, one-piece construction eliminates weak points and requires no assembly, ensuring long-lasting durability and easy use. Coated in high-temperature, powder-coated black, the fire ring is built to withstand intense heat and resist rust, providing years of reliable outdoor enjoyment.

Perfect for backyard bonfires or camping, this fire ring is recommended for use on noncombustible surfaces only, keeping your fire safely burning for extended periods. Gather, relax, and unplug from the day-to-day with the Black Fire Ring.
