

INNOVATIVE NEW PRODUCT FROM LOCK TECHNOLOGY, INC AVAILABLE NOW

LT886 Radiator Rocket Coil and Line Cleaner

- Think rocket powered broom/wand
- Clean cooling coils for radiators, transmission lines, oil and fuel lines
- Clean air to air aftercoolers, condensers, evaporators, fluid coolers and much more
- Ideal for trailer truck, dump truck, earth moving tractors, agriculture, municipal, construction & fleets
- Use the Radiator Rocket and you will be surprised how dirty your "clean" radiator is
- Can also be used with water - now includes 3/4" x 1/4" NPT brass water hose adaptor
- Can be configured in 3 foot; 2 foot; or 1 foot lengths
- Eliminates need for vehicle jacks or lifts to access buried coils
- Four inch air slot for maximum air cleaning volume and pressure
- Removable brush head for access to space constrained coils
- Able to access gaps of 1" with brush, .7" without brush
- Use close-up without fear of air pressure bending fins
- Designed for shop and field use
- Includes 1/8" NPT air control valve
- Lifetime warranty for manufacturing defects only
- Patent pending
