

# DIGITAL WINDOW THERMOMETER WITH HUMIDITY SENSOR

## Instruction Manual

SKU# 2577392

### PARTS LIST:

No.	Description	Quantity
1	Sensor	1

Please read instructions carefully before use. Retain for future reference.

### FEATURES

- Measures indoor temperatures (°C/°F) and humidity levels.
- Features an easy-to-read display.
- Provides a three-level comfort level indicator.

### INSTRUCTIONS:

1. To activate, remove the screw from the back panel and install a 1 x CR2032 battery (not included) into the compartment.
2. To install, use the suction cup to attach the sensor to a window. Ensure the suction cup is moistened to ensure it adheres properly to the glass. The sensor can be swiveled for optimal viewing and convenience.  
NOTE: Do not place the thermometer in direct sunlight. For the most accurate temperature readings, choose a location that is not exposed to direct sunlight or other heat sources.

### Operation:

1. Press the MAX/MIN button to check the maximum or minimum temperature and humidity record. Please note that the record will be cleared daily at midnight. Additionally, the MAX/MIN cannot be removed manually.
2. To switch the temperature unit, press the °C/°F button.

### Comfort Icons:

- When the temperature is any value, if the humidity is less than 40%, the comfort is displayed as a DRY icon.
- When the temperature ranges from 68°F to 82°F and the humidity is between 40% and 70%, the COMFORT icon indicates comfort.
- When the temperature is at any value, if the humidity is higher than 70%, comfort is displayed as a WET Icon.

### IMPORTANT SAFETY INSTRUCTIONS:

- The main unit is intended for indoor use only.
- Do not subject either unit to excessive force or shock.
- Do not expose the unit to extreme temperatures, direct sunlight, dust, or humidity.
- Do not immerse either unit in water.
- Avoid contact with any corrosive materials.
- Please do not dispose of either unit in a fire, as it may explode.
- Do not open the inner back case or tamper with any components of this unit.

### Battery Safety Warnings:

- \* Remove and immediately recycle or dispose of used batteries according to local regulations and keep away from children. DO NOT dispose of batteries in household trash or incinerate.
- \* Even used batteries may cause severe injury or death.
- \* Call a local poison control center for treatment information.
- \* Non rechargeable batteries are not to be recharged.

- \* Do not force discharge, recharge, disassemble, heat above 60°C (140°F) or incinerate. Doing so may result in injury due to venting, leakage or explosion resulting in chemical burns.
- \* Ensure the batteries are installed correctly according to polarity (+ and -).
- \* Do not mix old and new batteries, different brands or types of batteries, such as alkaline, carbon-zinc, or rechargeable batteries.
- \* Remove and immediately recycle or dispose of batteries from equipment not used for an extended period of time according to local regulations.
- \* Always completely secure the battery compartment. If the battery compartment does not close securely, stop using the product, remove the batteries, and keep them away from children.

### SPECIFICATIONS:

Indoor measurement range:	14°F (-10°C) - 122°F (50°C)
When temperature is lower than 14°F (-10°C)	The monitor displays 14°F (-10°C)
When temperature is higher than 122°F (50°C)	The monitor displays 122°F (50°C)
Humidity range:	20%-99%
Humidity comfort icons:	DRY, COMFORT, WET
Dimension:	2.76" X 3.94" X 0.59"
Battery:	1 x CR2032 - 3V (not included)

### FCC STATEMENT:

"This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation."

CAUTION: Changes of modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

## ⚠ WARNING

- **INGESTION HAZARD:** This product contains a button cell or coin battery.
- **DEATH** or serious injury can occur if ingested.
- A swallowed button cell or coin battery can cause **Internal Chemical Burns** in as little as **2 hours**.
- **KEEP** new and used batteries **OUT OF REACH** of **CHILDREN**
- **Seek immediate medical attention** if a battery is suspected to be swallowed or inserted inside any part of the body.
