

CMC

# Fence Post

#1  
FENCE POST  
PRODUCER  
IN THE USA

## CMC Southern Post

CMC Southern Post is the largest producer of high-strength T-post in the United States. All our T-posts are made in America from 100% recycled steel. With four manufacturing facilities located across the U.S., we are the only T-post manufacturer who can meet your fence post needs coast-to-coast.

CMC currently operates the most automated T-post fabrication facility in the world. Our T-post plant in Durant, Oklahoma helped create standardization of our fence post product and provided an efficient environment for what used to be a manual production process.

### Comprehensive market experience

Our high-strength steel T-post products are suitable for a wide variety of fencing applications from farm and ranch to lawn and garden. We currently serve the following markets:

- Agriculture - Farm, Ranch and Vineyards
- Residential - Lawn and Garden
- Commercial - Landscaping and Safety Fence
- Exotic Game - Containment and Exclusion
- Highway Right of Way
- Erosion Control

MADE IN  
AMERICA

Now offering Southern Post Multipurpose Stake in multiple sizes!

### Product offerings

Fence Post

Silt Post

Tree Stakes

Grape Stakes

Multipurpose

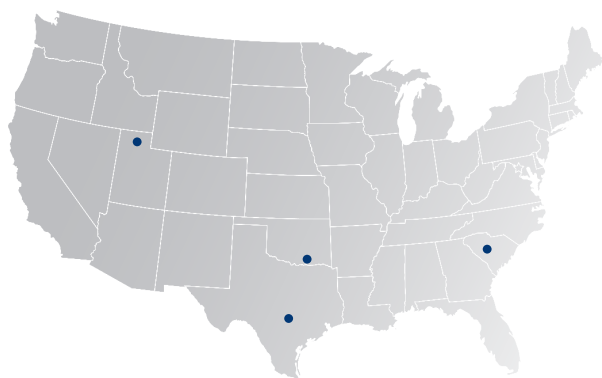

Our fence posts have the added quality of uniform stud spacing, a heavier anchor plate, a reflective tip and heavier taped clip.

We're CMC. You'll find our products strengthening and reinforcing the infrastructure nearly everywhere on the planet – in sports stadiums and public buildings as well as highways, bridges, railways and other structures. To serve this global market, CMC maintains facilities across the United States, Europe and Asia. These sites include everything from local recycling centers, steel mini-mills and micro-mills to large-scale fabrication centers, heat-treating facilities as well as other operations.
