

Safe-T-Post Caps™

are also great for...

Compare to other products:

Our caps were designed to fit a wide variety of posts; they are priced economically enough to cap every post; and they stay on much better than other brands!

Safe-T-Post Caps™

... any place t-posts are used!

SHARP T-POSTS?

WE'VE GOT
YOU
COVERED.

Folks who have horses know they need to protect them from sharp objects, including steel fence posts.

(Yes, we really have seen fences topped with old boots – here's the picture to prove it.)

But, not many people really want to decorate their fences with cast-off foot gear.

Safe-T-Post Caps™

- tough, puncture resistant vinyl construction
- attractive, bright white color enhances visibility
- material resists Ultraviolet degradation
- elastic material and special cross-section fit virtually all t-posts
- tapered shape installs easily, yet grips tightly
- adhesive may be used if permanent installation is desired

Safe-T-Post Caps™ are packaged in bags of 25.
