

CONKLIN® FASTRACK® Microbial Pack

Fastrack Microbial contains a special blend of lactic acid-producing bacteria, yeast culture, bacterial-derived enzymes and dried chicory root.

SUGGESTED USE: Mix into feed or top dress at the following rates:

Growing beef and dairy animals: Supplement at the rate of 0.5 - 1.5 oz. per animal daily

Lactating dairy and beef cattle: Supplement at the rate of 1 - 2 oz. per animal daily

Swine: 2 lbs. per ton for growing/finishing; 4 lbs. per ton for nursery pigs, gestating and lactating sows

Horses: Supplement at the rate of 1 - 2 oz. per horse daily

Poultry: Mix at the rate of 2.5 - 5 lbs. (40 - 80 oz.) per ton of feed

Sheep and goats: Supplement at the rate of 0.25 - 0.5 oz. per head daily

MINIMUM GUARANTEED ANALYSIS

Per Ounce

Total lactic acid-producing bacteria activity: 2.5 billion colony-forming units from (Enterococcus faecium, Lactobacillus acidophilus); protease from Bacillus subtilis not less than 22,125 protein catalytic units; and amylase from Bacillus subtilis and Aspergillus oryzae not less than 13,289 bacterial amylase units.

INGREDIENTS: Yeast culture dehydrated (Saccharomyces cerevisiae), processed grain by-products, roughage products, calcium carbonate, perlite, dried chicory root, dried Enterococcus faecium fermentation product, dried Lactobacillus acidophilus fermentation product, dried Aspergillus oryzae fermentation extract and dried Bacillus subtilis fermentation extract.

Perishable product: Store in a cool, dry place not to exceed 75°F.
