

Do you have an empty tank to exchange?

If you do have an empty tank, it's as easy as **Drop, Swap, and Go.**®

When you arrive at the store, drop your empty tank beside the propane display. Don't bring tanks inside!

Next, purchase a tank from the cashier. A store employee will escort you back to the display and provide you with a fresh, ready-to-grill tank.

That's all there is to it! Go enjoy!
